February 1, 2016

Dear Sir:

The Clarksville Metropolitan Planning Organization (MPO) is preparing a new FY2017-FY2020 Transportation Improvement Program (TIP). The TIP is a programming document that details a 4-year budget of transportation projects. All projects that are funded with federal funds must be included in the TIP. All projects must be shown as being fiscally constraint. The TIP is also to ensure coordination of transportation improvements by local, state, and federal agencies.

The MPO receives an annual Local Surface Transportation Program (L-STP) funding allocation for road projects. Below is a list of projects currently under development utilizing L-STP funds:

County

1. Oakland Road realignment to SR-13

City

1. Rossview Road widening and Dunbar Cave Road realignment

The MPO is asking for submission of potential transportation improvement projects for the FY2017-FY2020 TIP by April 29, 2016. Each submittal will be reviewed by a detailed set of project selection criteria for a more quantitative assessment, which will aid in the prioritization of projects.

The Rossview Road /Dunbar Cave Road project and the Oakland Road project will take a large portion of the L-STP allocation once each project enters the ROW and CONST phase. There will be very limited funding for new projects until the above projects are completed.

There will be a public MPO meeting on April 21, 2016 at 11:00 at the RPC lower conference room to solicit inputs and accept project submittals. You may either attend the public meeting or submit transportation improvement projects to the MPO by mail or email to the addresses above.

Thank you for your time and consideration of the TIP project selection process.

Sincerely,
J. Stan Williams
MPO Director

Call for Transportation Improvement Program (TIP) Projects for development and addition to the FY2017-FY2020 TIP:
Please provide the following information:

Name: _____
Address: _____
Email Address: _____

Call for projects:

The Clarksville MPO is now in the process of developing a new Transportation Improvement Program (TIP) for fiscal years 2017-2020. The TIP is a four-year financially constrained priority list of projects within the MPO planning area funded with federal, state, and local dollars.

Please accept this notice as your opportunity to submit potential projects to be funded with Federal Surface Transportation Program (STP) funds. Most projects require a 20 percent local match and must be sponsored by a governmental entity that can demonstrate a financial commitment to the project. Projects on residential streets do not qualify for federal transportation funds and cannot be considered for the TIP.

Please list any problems or concerns within the project area and any benefits toward air quality, safety, congestion with the addition of your recommended project. **Completed applications must be received by the MPO no later than April 29, 2016.**

Please Return:
Call for Project Form by **April 29, 2016**
